

Kraloy JBox Pole Mounting Kit

The Pole Mount Kit facilitates the secure attachment of a Kraloy JBox onto a pole, such as an outdoor utility power pole. The kit is shipped with two identical sets of brackets with all hardware for fastening to the JBX box and two sets of metal straps for securing to the pole. It can be used on wooden, concrete, steel and fiberglass poles of round, square and octagonal shape up to 15" in diameter. The brackets are constructed of plated galvanized steel and supplied with stainless steel hardware and straps providing robustness and are suitable for indoor or outdoor installations.
